**Subject:** Millage Adoption

Ricky,

An advertisement that announced that the 2015 millage rate would be set on July 22 at 4:00 pm was run in the MDJ on Monday, July 13 on page 12a.

Additionally, it was announced as part of the presentation at both public hearings on July 14. All 5 commissioners were present at the first hearing. Please click link below to review the tape. Jims presentation and announcement of when the 2015 millage rate will be adopted starts at about 28:25.

This should help answer the question you posed to me earlier this evening.

Thanks much. Have a great night.

Kellie
